Enclosure: Postal Card Receipt
New Claims 7 through 14

11

- 7 -

A method of treating a human or animal with a cosmetic condition treatable with a botulinum neurotoxin, comprising administration of a botulinum neurotoxin from *Clostridium botulinum* of type A, B, C, D, E, F or G or a mixture of two or more botulinum neurotoxins, wherein the neurotoxin or mixture of neurotoxins is free of the complexing proteins which naturally form complexes with botulinum neurotoxins, and wherein the human or animal already exhibits neutralizing antibodies against botulinum neurotoxin complexes.

11

- 8 - 12

The method of claim 7 wherein the subject exhibits neutralizing antibodies against a complex of *Clostridium botulinum* type A or B or a complex of *Clostridium botulinum* type A and type B.

11

- 9 - 13

The method of claim 7 wherein the cosmetic treatment is for hyperhidrosis.

11

- 10 - 14

The method of claim 7 wherein the cosmetic treatment is for wrinkling.

11

- 11 - 15

The method of claim 10 wherein the cosmetic treatment is for facial wrinkling.

11

- 12 - 16

A method of treating a human or animal with dystonia or a nervous system disorder treatable with a botulinum neurotoxin, comprising administration of a botulinum neurotoxin from *Clostridium botulinum* of type A, B, C, D, E, F or G or a mixture of two or more botulinum neurotoxins, wherein the neurotoxin or mixture of neurotoxins is free of the complexing proteins which naturally form

10048373 4200004

complexes with botulinum neurotoxins, and wherein the human or animal already exhibits neutralizing antibodies against botulinum neurotoxin complexes.

- 13 - 17

The method of claim 12 wherein the subject exhibits neutralizing antibodies against a complex of *Clostridium botulinum* type A or B or a complex of *Clostridium botulinum* type A and type B.

18

- 14 -

The method of claim 12 wherein the dystonia or disorder of the nervous system is selected from spasmodic torticollis, blepharospasm, spasticities such as footdrop, hemifacial spasms, migraine, low back pain, cervical spine disorders and hypersalivation.
